STAT

[redacted]  
I spoke to [redacted] as you requested.

He is interested in the possibility of a 12 to 18 month contract related to a DDS History Project and will appreciate if his name is put into the hopper for consideration if the plans do materialize.

He told me that he is flying to Scotland on Monday, June 29 and will tour the British Isles for about a month. He will return on August 6th and will be available at the Agency's pleasure any time thereafter.
